DEAR JOHN YOUNG,

Yes, I have seen the documents you sent - they were presented as 'evidence' against me in my federal hacking case. It supposedly proves I was the hacker sub - was chatting with, using a "tor correlation" attack - a flawed and speculative method, described in my original federal complaint. I believe they suspected that it was me the whole time, and only used this chart to convince a judge to approve an arrest and search warrant. Let me know if you have further questions. FALSE FLAG?? LOL!!

DEAR JOHN YOUNG,

Yes, I have seen the documents you sent – they were presented as ‘evidence’ against me in my federal hacking case. It supposedly proves I was the hacker Sabu was chatting with using a “Tor correlation” attack – a flawed and speculative method, described in my original federal complaint. I believe they suspected that it was me the whole time, and only used this chart to convince a judge to approve an arrest and search warrant. Let me know if you have further questions. FALSE FLAG?? LOL!!
